Annual Ukrainian Festival Attracts Thousands to Manor

A hot-air balloon, folk dance, music and song, arts and crafts, craftsmen were all part of the Annual Ukrainian Festival, held Sunday, Sept. 18 at Manor. About 5,000 people attended this sixth annual Festival and about 100 of them, including Sister Miriam Claire, president of Manor Junior College, and Sister Anthony Ann, dean of admissions, were lifted bodily up into the air aboard the hot-air balloon. Sister Claire and Sister Anthony Ann were the first passengers aboard Astrid, the hot-air balloon supplied by Forbes magazine.

Forbes donated the use of the balloon and the pilot for the Festival and all profits from the sale of tickets for the hot-air balloon rides were given to the Ukrainian Heritage Studies Center, for the improvement of facilities and to provide educational workshops and learning experiences throughout the year.

The skies shone brightly all day and the Festival guests enjoyed both the good weather and performances by the Chaika Ukrainian Dancers of South Jersey who performed traditional dances of Ukraine. Also entertaining the audience were the Nightingales, a singing trio from the

74 Students Graduate In May Ceremonies

Tears, cheers and reflective thought were part of the Annual Commencement ceremonies held May 12 for 74 Manor graduating students. Commencement ceremonies began at 6:45 p.m. with an academic procession of faculty members and guests. Marshals for the academic procession were Charles Deutermann, Daniel F. Murray, and Edward Roth, fathers of graduating seniors, Bonny Gale Duetermann, Kathleen Murray and Marguerite Roth.

William R. Sasso, vice-chairman of the Manor Junior College Board of Trustees was the master of ceremonies and the invocation was given by Monsignor Constantine Berdar. State Senator Stewart J. Greenleaf, (R-12) gave the Commencement address.

In his address, he told graduates to see their education "as a beginning and to grow beyond fulfilling the expectation of others."

"Perservance," he said, "has the highest importance in successful living." And he added, "your faith in yourself is tested by criticism and rejection and most of all by your own self-doubt."

Also addressing the class was Thomas J. Lynch, chairman of the Board of Trustees of Manor Junior College. He said, "We are achievers if we can acknowledge to ourselves that we have done our best."

Student Senate President, Marguerite Roth in her commencement oration read a poem to her classmates that was given to her by her mother, called "Comes the Dawn". Fighting back tears, she read, "You learn that you really can endure...and with every goodbye...you learn."

Manor Welcomes Largest Class In College's History

The largest class in the history of Manor Junior College was welcomed to the Campus on August 26 when 180 Freshmen participated in the three-day orientation program.

"This 20 percent increase in enrollment is due to Manor's competitive tuition," explained Sister Anthony Ann, dean of admissions, "and our good financial aid and strong marketable programs. Because of the high cost of education and the tight job market, students are looking for colleges they can afford that also offer good job placement. Manor offers both."

"Then too, Manor's reputation has grown among businesses, and other institutions," Sister continued, "and we are seeing more students who are referred to us by both family and friends, because our graduates are pleased with their experience at Manor and have gone on to good careers."

Musicians

Amy Weikert, with flute and JoAnn Karczewski with guitar, performed with Anthony DelVecchio, controller for Manor and Wendy Johnson, financial aid officer for Manor, at the Opening prayer service for the new academic year.

In addition to a total enrollment increase, the number of students who are dormitory students at Manor has increased by 10 percent. Students are now coming to Manor from other states and included in this year's Freshmen class are students from Florida, Delaware, New Jersey, Virginia and New York state.

Also included in the Freshman class are four foreign students. The foreign students are Michiko Asahi of Japan enrolled in Liberal arts; Satoko Watanabe, also from Japan who is enrolled in word processing; Roopam Patel from India; in the medical laboratory technology program; and Marilena Caporale from Venezuela in the Allied Health transfer program.

The majority of students are from Pennsylvania and are within a 50 mile radius of Manor. The number of Pennsylvania students who have transferred from other schools has also increased this semester with double the number of transfer students enrolled in programs at Manor.

"Students have transferred to Manor," explained Sister Anthony Ann, "from many of the Philadelphia area colleges. They have transferred for a variety of reasons. Some of the students are older continuing education students who have decided to go for a two-year associate degree; others were dissatisfied with a large institution. And still others, wanted to change their programs of interest to some specific career that will get them a good job when they are finished with school. Manor serves all their needs."

Ten of the new Freshmen are of Ukrainian heritage, including two daughters of previous Manor graduates.

Maria Meo, of Horsham, a graduate of the EFDA program and an EFDA instructor at Manor since 1980, has been promoted to the position of Expanded Functions Dental Assisting program coordinator. In this position, Ms. Meo, will be responsible for overseeing the clinical operation of the Dental Health Center.

Theresa Groody, of Fox Chase, also a graduate of the EFDA program has joined the staff as a new EFDA instructor. Prior to coming to Manor, Ms. Groody was employed as an expanded functions dental assistant. Both Ms. Meo and Ms. Groody are certified dental assistants.

Director

Nancy Brown is the Continuing Education Director at Manor.

Introducing: Nancy Brown: Continuing Education Director

by Mary Anne Whitehead

Nancy Brown, continuing education director at Manor, is an observer, a listener, and a person who enjoys a challenge. All three of these traits, she finds have served her well in her career.

A native of Reading, and a Temple University graduate, Nancy came to Manor four years ago as an admissions counselor. Two years ago, she was named Continuing Education Director and right from the beginning she realized her challenge would be to make Manor more visible and known for specific areas of expertise.

"I realized there were some things we did well at Manor," she explained, "and I knew those were the things I had to market...the areas of Allied Health, Word Processing and computers. I knew we did a number of things better than any other school, and so I decided to expand and market those things."

"I listen and watch and see what the general trend is in the Delaware Valley," she continued, "and I take the risk. And I get pleasant surprises. For instance, I took a risk by offering some para-optometric modules and we ended up with a nice response. The op-tech assistants have asked that we do other things, which we are."

Nancy says she sets goals for herself when she assumed the position and she's still working on some of them, and others, she's happy to report, she's achieved.

"My first goal was to make Manor more visible in the area of businesses...to have businesses utilize us for educational needs and to have students come here because we offer the expertise in the areas

Annual Giving Moves Over the \$70,000 Mark

BY HARRY K. STINGER
Director of Development

Manor Junior College's 1982-1983 Annual Gift Campaign received a total of \$71,058 during the July 1 to June 30 fiscal year. The total represented an increase in giving of \$17,884 over giving the previous year when Manor benefactors contributed a total of \$53,714.

The single gift that was responsible for the rise in giving came from McShain Charities and was for \$20,600. The McShain gift is to be used for financial aid purposes over the next two years.

The largest constituency to give to Manor was the College's many friends who gave a total of \$34,546 in outright gifts to the College. Following the Friends were various corporations, foundations,

trustees and alumnae who collectively give the College \$15,912.

Manor received a new type gift this year with the beginning of a class gift in the form of a class endowed gift. The graduating class of 1983 pledged a total of \$7,250 to be paid over the next five years to be used for needy students. Interest only from this fund will be used for financial aid purposes while the principal remains untouched.

During the year the College received almost \$3,000 in gifts-in-kind consisting of a copy machine which is now in use in the Academic building, and dental equipment which the Dental Health Center is now using.

Year End Tax Gifts To Manor Help The College and Your Tax Picture

Year-end tax planning is always an important subject as midnight of December 31st comes around. Under Federal law, income producers are allowed to take deductions for gifts to non-profit educational institutions such as Manor, and in so doing to reduce their tax burden.

In other words, Uncle Same will help you make a gift to Manor.

To qualify for a deduction, make your contribution to Manor. We will issue you a receipt as evidence of your gift. Then, when you make out your income tax for 1983, your gift can be claimed as a deduction.

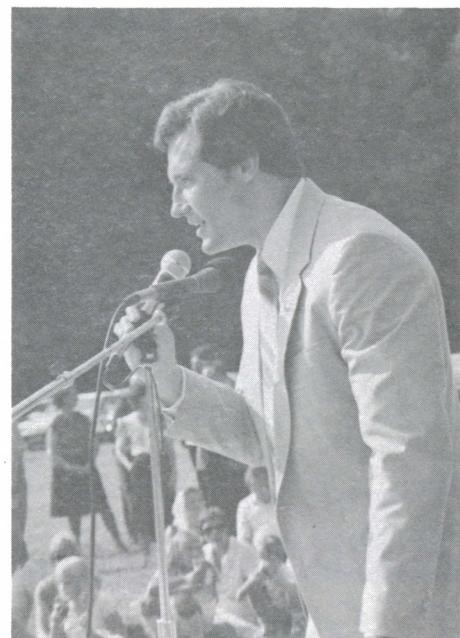

Because of your gift, federal law provides you with a reduction in your taxes, thereby lowering your "out of pocket" costs for the gift.

An example of how this works follows. This is for an individual in the 30 percent tax bracket.

Your gift of	will "cost" you
\$1,000	\$ 700
\$1,500	\$1,050
\$2,000	\$1,400
\$2,500	\$1,750
\$3,000	\$2,100
\$4,000	\$2,800
\$5,000	\$3,500
\$10,000	\$7,000

Gifts to Manor can be by cash, stocks and bonds or, real estate. For those gifts which have appreciated in value such as stocks, bonds or real estate, there is the added tax advantage that you can avoid the capital gains tax with your gift on your appreciated gift.

For information about year-end giving, please call the Development Office at (215) 884-2215. In all cases, we urge you to consult with your attorney or your tax accountant.

Ваші дотації кінця року для Менору помагають коледжовій Вашим податковим зізнанням

Коли застукає північ 31-го грудня, плянування податку кінця року стає дуже важним. Особам, які заробляють, федеральне право дозволяє відтягати від податку дотації чи пожертви для харитатив-

них освітніх установ, таких як Менор, і в цей спосіб зменшити тягар своїх податків.

Щоб кваліфікувати на знижку від податку, зложіть пожертву для Менор коледжу. За цю пожертву одержите поквітовання. Тоді, коли виповните Ваші форми податків приходу на 1983 рік, Ваш дар буде вимогою для знижки. В цей спосіб федеральне право допомагає Вам у знижці Вашого податку.

Подаємо приклад. Це є для одиниці, яка знаходиться в рамках податку 30%.

ПОДІЙНИ

Менор Джуніор Коледжу

Стефанія Шумська-Маєр, мисткеня СОУК, показувала вишивки власного виконання на Фестивалі Націй, який відбувся в МекНіл Консумер Компані в Форт Вашингтон.

Стефанія Шумська- Маєр Мисткеня СОУК

Вже через три роки, під час річного Українського Фестивалю Менору можна було оглядати в Студійному Осередку Української Культури майстерність вишивання Стефанії Шумської-Маєр.

Любов до української мови, мистецтва і традицій дістала Стефанія від своїх батьків, які приїхали до Америки з України ще перед І Світовою Війною. Малою дівчинкою, Стефанія співала в церковному хорі, ходила на народні танці і до школи української мови. По-

чатки української вишивки навчила їй мама ще в дитинстві. Вона продовжувала своє зацікавлення збираючи та вивчаючи взори, читанням книжок в англійській і українській мовах, відвідуючи музеї та розмовляючи з людьми, які були знатоками цієї ділянки мистецтва.

Збірка Стефанії стала дійсністю, як вона рішила вишивати зразки вишивок, притаманних різним частинам України. Її збірка зростає, а удосконалення зразків забирає мисткені ввесь вільний час.

Перед одруженням, під час ІІ Світової Війни, Стефанія служила при Юнайтед Стейтс Кост Гард. Вона живе зі своїм чоловіком, сином і дочкою на малій фармі в Піттставн, Нью Джерзі.

В додатку до своїх автентичних виставок у СОУК і на Фестивалі, Стефанія проєктує і виконує на замовлення вишивані блузки, весільні сукні, церковні ризи та вівтарні скатерті.

Участь СОУК в подорожуючій виставці

На запрошення Бакс Кавніті Ко-муніті Коледж в Ньютон, Па., Студійний Осередок Української Культури причинився і допоміг розвинути подорожуючу виставку — ВССС Артмобіл. Ця оригінальна галерея на колесах притягнула близько 150.000 глядачів. Виставка п. н. „Текстильні Традиції Пенсильванії“ представляла працю, культуру і спадщину Пенсильванських Німців, Українців і Г'монд В'єтнамців. Її можна було оглядати безплатно.

Студійний Осередок випозичив на цю виставку інформативні матеріали про Україну, таблиці взорів і вказівки як вишивати та фільм Славка Новицького „Писанка“. Також: повний жіночий народний одяг з Покуття; жіночу вишивану сорочку з Буковини; монтаж зразків які дослідила і вишила мисткеня СОУК, Стефанія Шумська-Маєр і ручно тканий килим.

Виставку координувала Христина Іжак, куратор СОУК при Менор коледжу та Емі Опп, директорка ВССС Артмобіл.

NANCY BROWN

(Cont'd from page 4)

of computers, health fields. With that visibility, I wanted the understanding that we do it as well or better than the other schools," she commented. This goal, she says, is one which is on-going.

Another goal she set and feels she has accomplished is to expand the course offerings and workshops so that students have more selections both on the credit and non-credit level.

A goal she has set for the future is to take the Manor classroom to the business site. This goal she says is something she is investigating and will begin in the near future.

Overall, Nancy says, she finds her role as Continuing Education Director, "challenging and a lot of fun."

"I find in a small school you do a whole lot. You have to be flexible here and I like that," she comments. "Sure, it's frustrating at times," she laughs, "But it's also nice because you get to wear a lot of hats, and get to do a lot of things."

One of the nicest parts of her job, Nancy says, is the interaction she has with the Continuing Education students.

"Elizabeth Walsh, coordinator for Continuing Education, and I see about 80 percent of the students, probably higher. We do initial interviews, academic counseling, plan their programs with them for four years. We also act as a support for the students and we encourage them to support each other," she explained.

"Students are invited to come and talk over their problems, their concerns, their career. I guess I'm on a first-name basis with 200 part-time students," she added. "I like the opportunity to get to know them

personally. And we've worked hard to make this office their spot, their home base."

To create a feeling of unity, Nancy and her staff plan social get-togethers for the students. The annual wine and cheese, and the coffee hours are well attended by the students and both these events give students an opportunity to interact with each other in a different way.

In assessing her own role as Continuing Education Director, Nancy says she feels a sense of pride in knowing that her goal of creating a home base for the Continuing Education student has been achieved.

"I've managed to create a central office...a home base and this makes me feel good," she explains. "We give them the support services they need. We take care of everything for them: their records, their grades...we see them throughout their experience at Manor. Even if they come on campus part-time, we've made them feel that they are truly a part of the total Manor community."

When she isn't busy wearing one of her many hats at Manor, Nancy finds time to do calligraphy, swim at the local Y, go camping, travel and take photos.

And you can be sure, when she's doing these things, she's always listening, observing, and thinking of ways that she can bring new workshops, new courses to Manor's Continuing Education program.
